

Data Center Relocation Project

CUSTOMER FORUM

The Department of Technology Services (DTS) is pleased to invite you to our first in a series of Customer Forums on our Data Center Relocation Project. Learn first-hand from DTS Project Team members the efforts DTS is taking to decommission a vital data center location and relocate it to a new location. Project specialists knowledgeable in all service areas from DTS will be on hand to answer any questions or concerns you might have.

AGENDA

- Introduction
Steve Rushing, DTS Deputy Director, Chief Information Officer and Initiative Project Sponsor
- Project Overview and Status
Megan Johnson, Project Director
- Mainframes, Network, and Open Systems
